

Modular Underground Tank System

Infiltration • Detention • Rainwater Harvesting

The Atlantis underground tank system is a modular sub surface system that can be constructed to hold any volume required. The sub surface location of the tank frees up space for landscaping or driveway use while also ensuring optimal conditions for retaining water is always maintained. Macro and micro pollutants are completely kept out of the system through an Atlantis Filtration Unit.

Installation of the Matrix® tank modules

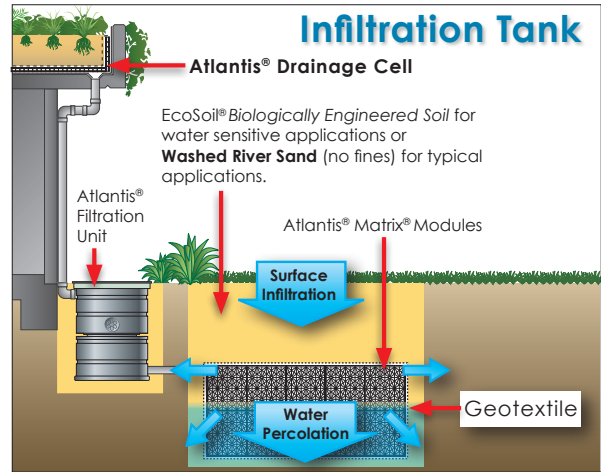

Installing the tank modules

Wrapping the tank in Geotextile

The completed tank covered with free draining material

Part No	Size in mm	Units per /m ³	Flow Rate
70000	(L)685 x (H)240 x (W)408	15 boxes /m ³	1140 l /min
70003	(L)685 x (H)450 x (W)408	8 boxes /m ³	2280 l /min
70004	(L)685 x (H)880 x (W)408	4.06 boxes /m ³	4560 l /min
70005	(L)685 x (H)1310 x (W)408	2.73 boxes /m ³	6840 l /min
70006	(L)685 x (H)1740 x (W)408	2.03 boxes /m ³	9120 l /min

(L) Length, (H) Height, (W) Width

Notes: Atlantis® products are manufactured from high quality recycled materials, carefully selected and under strict quality control procedures. The strength could vary slightly due to raw material, country of manufacture, manufacturing process and external conditions.

Safety Factors: Engineers, designers and geotechnical engineers should design and calculate safety factors to a serviceable limited state to suit specific project. In case of doubt, consult your nearest distributor or Atlantis representative.

Disclaimer: All information provided in this publication is correct to the best knowledge of the company and is given out in good faith. This information is intended only as a general guide. No responsibility can be accepted for any errors, omissions or incorrect assumption. As each project is unique, and as Rebirth Pty Ltd, Atlantis Water Management, Atlantis Corporation Pty Ltd and its distributors and agents world wide have no direct control over the methods employed by the user in specifying, installing or supervising of its products hence no responsibility is accepted by Rebirth

Pty Ltd, Atlantis Water Management, Atlantis Corporation Pty Ltd and its distributors and agents world wide. Users should satisfy themselves as to the suitability of the product for their purpose.

All product designs, and specification are subject to change without further notice. All Atlantis® products are tested in approved NATA laboratories, and safe allowed tolerances should be practised in the actual field, to compensate for any unforeseen situations, onsite and on products.
